David,

The training you have developed adds a lot of value to any business organization. It is information that otherwise would take a lot of time and effort to collect. Therefore, I am wanting you to please develop a Flyer advertising this training. I want to present it to NHPO Educational Committee. In my mind there is no doubt that NHPO members could benefit from the curriculum and you could benefit with some profit. I am going to forward you an invitation to our next mixer on May 7.

No I didn't, I'm so sorry, I did not get a chance, I was more preoccupied about in getting you THE GUIDE than anything else.

I'll work on it and send it out to you sometime next week before your next meeting.

BEST REGARDS,

DAVID QUIÑONES, THE MEMBER OF FIRM
